## Work Experience

### Web Developer Intern

**PRODIGY INFOTECH**

📅 March 2024 – April 2024   📍 Remote

- Developed a responsive landing page and a weather app with API integration using HTML, CSS, and JavaScript, ensuring optimal device performance
- Created a personal portfolio, a JavaScript game, and a stopwatch application, demonstrating proficiency in HTML, CSS, JavaScript, and ReactJS, and showcasing skills in building dynamic and interactive web applications.

### Subject Matter Expert

**CHEGG INDIA**

📅 April 2024 – Current   📍 Remote

- Provides detailed solutions and explanations to student queries in various areas of computer science, ensuring clarity and understanding of complex concepts
- Leverages my expertise to assist students with a wide range of topics, including programming, algorithms, data structures, and software development, enhancing their academic performance and knowledge

## Projects

### Art Workshop Website

**PIECE OF SENSE**

📅 July 2023 – September 2023   ✦ Visit Website

- Developed a website using HTML, CSS, and JavaScript, where order details are filled in a form and fetched from Google Sheets as a database using custom JavaScript code

### Movie Suggestion Website

**Final Year Project**

📅 July 2023 – Present   ✦ Visit Website

- Developed a movie suggestion app using ReactJS, Material-UI, and TMDB API to provide personalized movie recommendations based on user preferences and ratings.
